It is unsatisfactory that the number of shops not inspected during the year under report was 42 as against 16 in the previous year. The continued neglect of this work in the Shimoga District in particular calls for notice. The District Magistrate's attention is invited to para 2 of the Government Order No. P. 7470-9—Pol. 188-27-2, dated 22nd June 1928, and he is requested to see that all the shops in the District are inspected during the current year and necessary action taken on the irregularities that come to notice.
